THE "MONEY BUSINESS,"-The following appears in the Washington Chronicle: - "We have reason to belive that our correspondent, 'A True Republican," who wrote us from Alexandria, Va., under date of the 2d inst., was mistaken as to the want of liberality on the part of Republican office-holders in that city. On the contrary, we know that a majority of Chapman, mentioned in yesterday's Gazette, them have contributed money for national, state, and local purposes, to the full extent of their ability. Paris, Friday noon, May 5th. - General Rossel complains of the erroneous statements published about him. He denies that he had demanded a commission from Thiers, and it was rejected since the capitulation of Paris. The ties binding him with the army have been broken, and he remained at his post simply to finish the work he had in hand for a long time past. His convictions are antagonistic to the former social organizations of old France, which has just succumbed in such a cowardly manuer. Great consternation prevailed in the Quartier des Gobelins to-day, respecting three battalions captured at Montin-Faguet, who all belong to that quarter. Women gathered in crowds to inquire for their husbands and friends.

Congress having just amended the Bankrupt law so that nearly all parties can be discharged from their debts unobstructed by the fifty per cent, clause, so-called, another opportunity offers to secure the benefits of this most effective and permanent measure of relief. The above-named will make bankrupt business a specialty; will procure discharges on the most moderate terms, and transact all business in that line at prices which cannot fail to be satisfactory. Being United States Commissioner he will endeavor to visit the different counties on court days, and thus save parties the trouble and expense of several trips to Alexandria in beginning and proceeding with their cases. Discharges can be obtained here before Register Hill as promptly as in Richmond or elsewhere, and at much less expense to parties. It may be added that the Bankrupt act, in connection with the Homestead exemption, which it is now believed will be secured to the bankrupt under the bankrupt law, is the only real relief now offered to parties struggling in the hopeless bondage of old debts.
